RAILROAD OFFICIALS SUED FOR \$160,000,000 BY FIVE STOCKHOLDERS

New York, August 30.—Former officers, directors and counsel of the New York, New Haven and Hartford railroad were made defendants today in a liability and restitution suit for more than \$160,000,000 filed in the United States district court by five Massachusetts stockholders of the road.

The suit is based on evidence taken at the recent trial of Wm. Rockefeller and other former directors of the road for criminal conspiracy under the Sherman anti-trust law.

N. & W. ISSUES AN EMBARGO NOTICE

Roanoke, Va., August 30.—The Norfolk and Western Railway Company today issued an embargo notice to connecting lines that effective after midnight August 31, live stock and perishable traffic would not be accepted. Dead freight will be accepted subject to delay.

Freight Rate Increases Are Ordered Suspended

Washington, D. C., August 30.—Proposed increases in trans-continental freight rates from the east to intermountain territory and from the Pacific coast to the east, which it was estimated would bring the railroads about twenty million dollars a year additional revenue were suspended today by the Interstate Commerce Commission for further investigation. They were to have become effective at midnight.

Rumanians Force Their Way Into Transylvania

Paris, Aug. 30.—The Petit Parisien publishes a report that the Rumanians having forced their way into Transylvania have occupied two important cities beyond the mountains.

FLOUR MILLS WILL CLOSE

Minneapolis, Minn., Aug. 30.—Every flour mill in Minneapolis will be closed thirty minutes after the order for a nation wide railroad strike becomes effective according to an announcement today by the Washburn-Crosby Company. All the mills in the city are filled to capacity, with no available storage space and no way in which to move the output says the statement.

HUGHES TO REMAIN

Estes Park, Colo., August 30.—The threatened railroad strike situation will not hasten the departure of Charles E. Hughes from here according to an announcement made today. It was said Mr. Hughes will leave at two o'clock tomorrow afternoon for Loveland, Colorado, according to schedule, where he will meet Governor Carlson of Colorado and deliver an address at the Loveland fair.

PUBLIC APPEAL TO WORKERS MAY BE MADE BY PRESIDENT

FEELING STRONG IN EMBARGO ON FREIGHT OFFICIAL CIRCLES THAT OF PERISHABLE NATURE STRIKE WILL BE AVERTED DECLARED BY ROADS

Washington, D. C., August 30.—With both sides making last hour preparations for a great railway strike Monday morning, President Wilson today turned all the influence of his administration toward persuading the brotherhood leaders to postpone or rescind their strike until congress has had opportunity to act. There were intimations that should the labor leaders continue adamant, President Wilson even might make a public appeal to the railway workers themselves to direct their leaders to postpone it. Despite denials of the labor leaders that President Wilson or anyone else had asked them to postpone the strike there were abundant evidences that such was the case, and somehow there was a feeling in congress, in administration circles and in other places that a way would be found to avert the walk-out. No one knew what it was, but the feeling prevailed.

After a conference with Secretary Wilson at the department of labor the brotherhood leaders reiterated that no power on earth except a satisfactory settlement would avert the strike and that they had no power to rescind the order.

First Legal Phase Develops

The first legal phase of the situation developed with the temporary injunction issued by a local court in Nebraska, restraining the conductors from calling or enforcing a strike on the Union Pacific. This brought up for the first time the effect of the much discussed Clayton anti-injunction act passed by congress at the behest of labor. The brotherhood leaders unreservedly expressed the opinion that the injunction was in contradiction of the law and could not stand. There were intimations that similar injunctions might be sought in different parts of the country where the sentiment of the men is known to be against the strike.

Passenger Service Also Affected

With notices of freight embargoes and prospective delays to passenger traffic pouring in from all parts of the country, Chairman Howard Elliott, of the New Haven, issued a statement on behalf of the railway executives pointing out that passenger train service as well as freight would be tied up.

While every effort was being made to prevent the strike, both sides continued to make preparations to meet it.

The senate interstate commerce commission also considered a law passed by congress in 1882 authorizing the president to take possession of railroad and telegraph lines when in his judgment public safety might require. Senators remarked it was an interesting statute in the face of the existing emergency. The statute passed in the early part of the civil war was designed to be in force only as long as necessary to meet war conditions.

Both Sides To Be Given Hearing

Washington, D. C., August 30.—The senate interstate commerce committee adopted a resolution today providing for hearings on proposed railroad legislation in the impending crisis beginning Thursday at nine a. m. Railroad officials, brotherhood officers and representatives of shippers were invited to appear.

Chicago, August 30.—A meeting of railroad presidents, several of whom returned from Washington this afternoon, will be held here tomorrow to lay plans based on the assumption that a strike will be called September 4.

Chicago, August 30.—Railroads of the nation rushed preparations today to enforce the embargo on perishable freight. Shipments of live stock and perishables were refused by some roads today; others issued warnings that perishable freight which cannot reach its destination by Saturday, September 2, will not be accepted.

From Chicago, the railroad center of the country, orders were flashed to ticket agents to inform passengers that unless they reach their destinations by Sunday night, they would be subject to "perplexing delays."

Big manufacturers and business houses swamped telegraph companies with messages urging that their shipments be rushed at once.

Ohio Day At State Fair

Columbus, O., August 30.—Today is Ohio Day at the State Fair and it was evident from the time the gates opened at dawn that the largest attendance of the week, so far, was assembling.

The Grangers' Day was observed today in co-operation with Ohio Day.

W. H. Kinnam, manager of the State Fair, has definitely stated that he will inaugurate a movement to secure legislation for a larger appropriation for the State Fair owing to extension of the scope of the exhibitions.

Attendance on Tuesday was 18,011, as compared with 14,476 last year and 9,718 the year before on the same day.

Tuesday, August 15th

Up to midnight August 15, a period of 7½ months, we sold and delivered more United States Automobile Tires than we sold during the entire twelve months of 1915—last year.

By August 16, we had passed, by several thousand casings, the sales total for 1915,—itself a year of steady sales increases.

And day by day these phenomenal 1916 increases are heaping up.

Besides—there were still left of this year 115 selling days—4½ months.

This almost unbelievable feat of equalling, in 7½ months, the sales record of last year, proves the unequalled merit and actual economy of

Local Unions Have Their Strike Orders

Strike orders were distributed among the local railroad men Tuesday afternoon, according to information received by The Times, Wednesday. These orders, it is said, inform the men that beginning with Monday at six o'clock, central time, a general strike will be observed unless terms acceptable to the employees are made in the meantime. The men are ordered, it is claimed, to refuse to take out either freight or mail trains. None of the officials of the local railroad unions could be located Wednesday for the verification of the foregoing information; all being out of the city.

Several railroad men seen Wednesday seemed to be of the opinion that the strike would be settled before Monday morning, and hopes were expressed in the most emphatic terms that a strike would be averted. Confidence is reposed in the general committee meeting at Washington, D. C., that every effort will be made to effect a settlement of the difficulties. Sealed orders, it is said, are in the possession of brotherhood leaders, and are to be opened on the morning of Monday, Sept. 1, upon receipt of a code word telegraphed from Washington. A rumor rippled through the city Wednesday to the effect that the railroad managers had enlisted the services of many workmen to operate locomotives in case of a general strike. This rumor was officially denied by the local railroads.

R. R. STRIKE WOULD CAUSE PEERLESS TO BOOM, SAYS JOHN

John Redepenny, a Galia street merchant tailor, who is quite an observing citizen, believes the big railroad strike, if it comes, will really prove a boom for Portsmouth in more ways than one.

Mr. Redepenny says trade and business will sweep to the river cities and towns while the inland cities will suffer. The big industries will ship by steamboat, waterways generally will undergo a revival of interest and a movement result in the building of ship canals which in the past have been either blocked or neglected. Even farmers who are in a habit of sending their products East or to far away inland cities, will be only too glad to drive twenty-five miles to river towns in order to find a market as they did years ago.

Popular Young Couple Married In Chicago

The Times received a telegram from the Chicago Yards News Bureau Wednesday afternoon stating that a marriage license had been issued in that city to Roy Rheinfank and Miss Annie Book, both of Portsmouth.

The Times upon receipt of the message, called up Mrs. John Book, mother of the bride, who stated that she was not at all surprised at the news, although she at first thought somebody must be perpetrating a joke on the young couple, both of whom are quite well and favorably known in this city.

The happy couple are expected to arrive in this city this evening, as Mrs. Book stated her daughter had recently written that she would be at home on August 30.

The pretty bride went to Chicago about six weeks ago, where she has been spending her vacation. She is interested with her sister in the Bonnet Shop located in the New Sun building.

The groom is an expert machinist, being employed at the N. & W. terminals.

The newly-weds have been sweethearts for years and the news of their marriage will not create any great surprise among their many friends.

FIGHTING ALONG THE MACEDONIAN FRONT

Paris, August 30.—Severe fighting is in progress on the Macedonian front. The war office report of today says the French gained ground west of the Vardar river. Bulgarian attacks west of Lake Ostrovo were repulsed by the Serbians.

The entente allies bombarded Bulgarian positions on the Struma front and near Lake Dolran. Violent artillery fighting continued in the region of Ostrovo and Vetrenik.

MORE TROOPS FOR BORDER

Columbus, Ohio, Aug. 30.—The Fourth regiment, Ohio National Guard, entrained this morning under orders from Washington to proceed to the border. The regiment is routed on the Big Four and will arrive at the border before the Fifth regiment, which left Camp Willis yesterday, since the Big Four route is shorter.

Brigadier General John C. Speaks and his staff was aboard the first section of the troop train, which consists of three sections. Each section is composed of twenty-two cars.

Colonel B. W. Hough will follow the brigade to the border within the next few days. The Eighth regiment is under orders to move Thursday.

The Movies

Dainty Vivian Martin in "A Modern Thelma", Columbia Tonight

Upon Marie Corelli's famous novel as a foundation, a pleasing and effective photoplay structure has been built here, with Vivian Martin in the role of the little Norwegian girl, whose marriage to Sir Philip makes her the object of a plot by one of the lord's admirers. It is a part which fits Miss Martin well, indeed, particularly in the first half of the action.

The picture, in fact, divides easily into two episodes: the romantic courtship and marriage of Thelma and Sir Philip in Norway, and their subsequent life in England, with a brief return to Norway for the final reconciliation.

The locations for the Norwegian scenes are remarkably appropriate, supplying some beautiful backgrounds, descriptive of both summer and winter. The director demonstrates more than once his knowledge of just what can be done with the camera, as, for example, the scene showing the faces of Thelma and Sir Philip reflected in a lake. Other touches of this sort serve to enhance greatly the conviction carried by the subject as a whole.

In other respects, also, this subject is excellent. We refer especially to the work of the cast, which is, without exception, one of the best balanced we have ever seen in a Fox production. There is Harry Hilliard, whose performance as Sir Philip is truly impressive and thoroughly convincing; William H. Tooker gives an excellent rendition of Thelma's father, and heads the list of unusual character impersonations, of which there are several. Albert Roccoardi, Maud Sinclair, Elizabeth Kennedy, Allen Walker, Stuart Russell, Albert Tovell, Richard Neill, Pauline Barry, Flora Nason, Lillie Leslie and Gladys Wayne are other members of this efficient cast. If one

were to single out for praise any of them, he would perhaps pick Neill, Miss Leslie and Roccoardi.

Splendid Picture Attractions At The Lyric

Queerly Kitty Gordon, with an array of wonderful gowns, is the star in the big World feature, "The Crucial Test" at the Lyric tonight. This is one of the most interesting pictures of the season. It's a powerful story, superbly acted and the costumes and settings represent a small fortune.

Tomorrow brings glorious Willie Burke in "A Fugitive Witness." This chapter is real exciting and supplemented with the Essanay feature "The Regeneration of Margaret," a most unusual and powerful love story starring Warda Howard. Friday's Paramount is "The Smugglers" with Donald Brian, an exceptionally clever comedy drama; and Saturday brings Helen Holmes in "Judith of the Cumberland." No disappointments in these pictures.

At The Exhibit

The special attraction tonight is "The Briser," a five reel Mutual Masterpicture, featuring William Russell and Charlotte Burton. It is an extraordinary sociological drama with unusual situations of intense interest. Because he is a leader among the men of his class and has the power to keep them from declaring a "strike" which will cost a prominent king of industry many thousands of dollars, he is tricked into being introduced into society and is encouraged by a beautiful woman to believe that she is in love with him. He discovers the ruse in time to win the fight of his fellow workmen, who have been led to believe that he has deserted their cause, and "finds himself" in time to win back the love of the little sweetheart who thinks that she has been deserted for the dazzling society belle.

At The Arcana

Tonight is shown chapter thirteen of the great circus serial "Peg o' the Ring."

Peg is again spirited away by the Hindu and his pals, who disguise themselves as clowns for that purpose. The second reel closes with Frank Lund in pursuit. This is a strong number.

"The Committee on Credentials" is a Bison three reel Western drama. Barry Carey, Joe Rickson and Olive Fuller Golden appear, together with a large cast of cowboys and townspeople. The fall over the cliff, made by Joe Rickson, is extremely sensational and the shooting scenes previous to that are well put on.

"An All-Around Cure" is a Joker domestic comedy. This concerns the affairs of Mr. and Mrs. Grouch and Mr. and Mrs. Nug.

At The Temple

"In the Web of the Grifters," is a five part Mutual masterpicture featuring Edythe Sterling, Norbert A. Myles, and Millard K. Wilson.

Kerrigan is caught in the act of collecting graft, and when he will not divulge the name of the man higher up, he is discharged from the police force. This is one of those heart interest stories with a strong moral.

Trunk Washed Away On Cabin Creek Was Recovered Here

When a cloudburst all but effaced picturesque Cabin Creek, W. Va., several weeks ago, R. P. Toney, living at Blooming Rose, W. Va., had a valuable trunk washed away by the raging waters. He made a fruitless search for it. A family residing on a

shantyboat moored in the Ohio river near New Boston found a trunk floating in the Ohio.

They towed it to shore and succeeded in opening it.

Among the effects was a K. of P. receipt made out to R. P. Toney of Blooming Rose.

Edward Brehmer and Chas. Flowers of Magnolia Lodge K. of P. of this city, were notified. They got in touch with R. P. Toney and described practically every article in the trunk. Intact it will be shipped back to him as a memento of the devastating Cabin Creek flood.

STOMACH ILLS ENDANGER RACE

Organ Called Hobbed of Disease By Medical Authorities.

It is generally conceded by medical authorities that considerably over one-half of the population of the United States is suffering from one ailment or another, and of this great number of suffering people the major portion are victims of stomach trouble.

Through many years of practical experiments, with the past medical knowledge of European chemists at his disposal, Joseph Von Trimbach, the noted chemist and health authority, discovered the formula now known as Tanlae. The ingredients for this Master Medicine were gathered from the remotest parts of the world. Tanlae is purely a vegetable product and is compounded from roots, herbs, flowers and barks which have been tested for their therapeutic properties. He now firmly believes he has found the solution to the grave problem, which has become an important one for the present and future of our great race.

That there is no question as to the merit of Tanlae is demonstrated by the thousands of testimonials to the benefits derived from this wonderful reconstructive tonic which are voluntarily given by men and women in all walks of life and from every section.

"Modern ills," the title under which stomach troubles and its complications are now usually classed, is ruining the lives of a vast army of people every year. Catarrh, which begins in the head and extends through the throat to the stomach, is the usual form in which stomach trouble is contracted. The delicate mucous membrane lining of the stomach becomes coated from catarrhal secretions, and food cannot digest. Instead, it ferments, forming gases, and is the cause of intense pains in the stomach and abdomen after eating. Constipation usually follows and wrecks the entire nervous system.

The victim of stomach trouble becomes nervous, melancholy, has an irregular appetite, and attacks of headaches. Often the eyesight becomes affected in cases of stomach disorder. Relief can be found in Tanlae, the ideal reconstructive tonic, appetizer, invigorant and re-builder of torn down tissues.

Tanlae is being especially introduced in Portsmouth at The Fisher & Streich Pharmacy, where the Tanlae Man explains its merits.

SEVERAL FINES HANDED OUT BY MAYOR KAPS

The young civil engineer giving the name of John Calvert, who was arrested at an Eleventh street resort Monday night for deliberately tearing a picture out of a frame, was again locked up Tuesday night.

Calvert is said to have followed and talked unduly familiar to some women pedestrians on Ninth street. He thought he recognized the women, who called for help. The only mistake he made was to run when he saw an officer approaching. He was fined \$10 on a disorderly charge and warned as to his future conduct while in the city. Just as he did this day before, he tendered a check in payment of the fine.

Charles West, a negro, was fined \$10 for disorderly conduct and J. H. Garner and wife, colored restaurant keepers, who assaulted him following an argument at their place Tuesday, were fined \$5 each. They supposed that West was trying to rob a fellow

lodger, but it developed that he was a companion and had entrusted his money to West because he, himself, was drunk.

Mrs. Hattie Harlin, who disregarded the court's orders by returning to the Neill property, on Third street, to reside and abused and tried to bite Officer Shonkwiler. Tuesday night, demanded a lawyer. She was told no lawyer was necessary, as the court would accept a not-guilty plea and dismiss her with the understanding that she was to leave there. She was reminded that a number of articles usually worn by the masculine gender had been noticed about her rooms.

William Meeks, of near Peebles, who was found "anchored" to a fence at Seventh and John streets, and a man claiming to be William Stanley, of Paris, Ky., who has been on a week's spree here, were fined \$5 each for drunkenness.

PETE SAYS THEY'RE SORE, NOT COLD

Traffic Officer Pete Price has developed a bad case of sore feet from the long hours spent on duty by him in government square and upon his request has been assigned to the night force. Patrolman Armour Platt has succeeded him on the so-called Chillicothe street beat and Patrolman John Nance has taken Platt's place as a day policeman in the West End.

LOVE LORN COUPLE REAL SPOONERS

Persons in the vicinity of Second and Court streets were shocked at the unseemly actions of a young couple Wednesday morning. They were at the Central hardware store corner spooning as earnestly and daringly as two lovers might in some shady nook. A business man of the neighborhood notified police headquarters but meanwhile himself had to answer a long distance telephone call and so failed to observe them leave, they having disappeared by the time Sergeant John Smith reached the scene, though he had commandeered an automobile with which to make the hurry run.

Takes Charge Of Laundry

Tom Scott, who for some time has been foreman at the Model Laundry in the East End, left Monday for Akron, O., where he will assume charge of one of the city's biggest laundries. For the time being, at least, Mr. Scott's family will remain in this city.

11:30-1:00—Noon.
1:00-1:15—Singing.
1:15-2:15—Tools and Machinery. Prof. P. F. Voelker.
2:15-2:30—Recess.
2:30-3:30—Methods in Primary Teaching. Miss Bartlett.
3:30-4:30—Meeting with the District Superintendents.

Wednesday morning's session of the Seio County Teachers' Institute being held in the High School auditorium was featured by a lecture on the "Wheels in the Head," a lecture on the intellect, which was delivered by Prof. Paul Voelker. Those who were fortunate to hear it declare that it was one of the best of the kind ever heard in the city. Prof. Voelker went deeply into his subject and at the conclusion of it he received hearty applause.

where, wheel of assimilation which is an adding machine and adds ideas to totals and the wheel of logic which is a sieve and a sausage grinder, the sieve separating the light and unlight and the sausage grinder grinds out interferences and logical conclusions. Everybody is crazy at some time, crazy on some subject. Some people think in a circle, some in a zigzag line, the latter being given to prejudice and bias. The same man is one who thinks in a straight line.

Prof. Voelker was followed by Miss Glenn Bartlett, who gave an interesting lecture on "The Concrete Basis on Some Later Problems." Her talk was interesting and instructive and was greatly enjoyed.

The High School section of the institute was in charge of Paul Selby, of Forest Academy High School, Green township, Wednesday from 10:30 to 11:30 a. m. Mr. Selby's subject was "The Teaching of High School Physics," and was ably treated, showing that the speaker had a firm grasp on his subject. The discussion following the talk was participated in by Superintendent Ross, Miss Thirza Flagg and Superintendent McCowan.

The High School section Thursday, at the same hour will be in charge of Superintendent R. B. Reed, of Seio County. His subject will be "Teaching of History and Civics."

County Superintendent E. O. McCowan talked to the teachers Wednesday afternoon on "The Plan of Alternation of Studies worked out by the superintendents and adopted for use in the one and two-room elementary

schools of the county." This plan will reduce the number of recitations to 25, thus giving more time to each branch.

At the afternoon session Prof. Voelker spoke on "Immaterial Material" and was followed by Miss Bartlett, who spoke on "Manual Arts for the Rural Schools." At 4:30 the district superintendents held a meeting. The singing at all sessions today was splendidly conducted by Miss Gertrude Schmidt.

Additional registrations today:
Wm. Thompson, Seio.
Louis McKinley, Lucasville.
David Long, Lucasville.

Institute Notes
Miss Alice Blake, one of the city's talented violinists, will render a selection at the Friday morning session.

Miss Gertrude Schmidt, who has charge of the music, will sing a solo Thursday morning. She will be accompanied by Miss Margaret Quinn.

The committee in charge of the social session Monday night was composed of Vernon Smith, Paul Selby, R. K. Day, R. B. Reed, Darline Cadot and Miss Gertrude Schmidt.

"The Masters of Destiny" will be Prof. Voelker's subject at the Thursday morning session.

Tonight in the gym of the high school Miss Glenn Bartlett will give an exhibition of games as played in various school gyms. They will be of interest to teachers in the city and they are urged to attend.

A committee composed of Mrs. Mamie Irwin, C. Shaner, Ethel Clutts, Katie Rowley, Hazel McKinley was named today to confer with Miss Bartlett relative to historical matters involving Seio County.

Prof. Voelker at the close of the institute will hurry back to Madison, Wis., to take up his work at the University of Wisconsin. He wants to arrive there before a railroad strike is declared.

Prof. Frank Appel of the local schools, heard Prof. Voelker's fine lecture on "Wheels in the Head" this morning. He pronounced it a gem.

Miss Margaret Quinn will render a piano solo at Thursday morning's session.

The Popular Weights and Shades in Silk Hosiery 50c to \$2

The demand for silk stockings is running riot. Never has there been such popularity for silk hose as now. Black and white and all shades are selling with a vigor that plainly says that to be even moderately well dressed you must wear stockings of silk.

With such a tremendous demand and with the market on dyes and silks as high as it is it does not take a prophet to see still further advances in the future.

Our lines at present show very few advances, but notification from one of the large makers of a nationally advertised brand tells us that retail prices on their line MUST be advanced on October 10th.

Until then our prices will be the same as they have been.

FIBER SILK stockings at 25c, 25c, 35c and 50c (Nice line of shades at 50c.)

PURE THREAD SILK STOCKINGS, black, white and colors to match gowns. Black and white at 75c and \$1.00. Shades at \$1.25

KITTY BESS SILK STOCKINGS, sold exclusively by Andersons', are known by all wearers as the best wearing silk hose made. Try a pair in black, white or colors at \$1.25

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, O. Office Phone 60.

Thank you.
JANE, JENNIE AND MARY.
I presume the person who called at your home was the Columbus young lady who is canvassing the city in the interest of the Social Survey Work.

Dear Miss Dolly Wise—I am coming to you for help. I am a widow 43 years old, have 3 children. I am a hard worker and live right. What I want is a good home with my children. I am not afraid of work and easy to get along with. Would you please help me? I am a widow. I do not know of any place just now, but will give your name and address to anyone in need of help.

Sand Hill, O.—Dear Miss Wise— I am a young girl at the age of 16 and have come to you for you to answer a question, for now Miss Wise, is there any difference in the two words, "love" and "like"? I say they both mean the same, and a friend of mine says they don't. Now, will you please explain it until a girl like me may understand it, and please print it in Wednesday's paper. Thanking you very much.

"BABE."
You will find the meaning of love and like in the dictionary. It will improve your mind to look things up yourself.

Dear Dolly—I would like to have a recipe for grape marmalade.
WEST END READER.
Cook the grapes as for jelly and when tender rub through a sieve, rejecting the seeds. Measure the pulp and to every pint allow one-half pound of sugar. Put both over the fire and boil for half an hour, stirring constantly. Put up in small jars, or glasses.

Lucasville, Ohio.—Dear Dolly— Could you please tell me where I could exchange old coins? Thank you.

MARGARET.
What do you want to exchange them for, merchandise or new coins? I should think you would have no trouble in getting rid of them, as many people are collecting rare coins.

Oak Hill.—Dear Miss Wise—I am from another county and so is my sweetheart, and we want to know if we could secure a license in Portsmouth to wed.
R. E.
Yes.

Dear Miss Wise—We have decided that you are the one to answer some questions for us. There is a lady going from house to house asking questions, such as the following: Name? Where you were born? Your husband's name? His occupation and wages? Where he works? When he gets paid? How many rooms in your house? How many in the family? How many bedrooms? If you sleep with your husband? When any of your family were sick last, and cause? What doctor you had? If you burn coal or gas? Where trash or ashes are emptied? If you have a cat or dog? And many other such questions. What is this lady's business, and by whom was she sent? Are we compelled to answer these questions? Please answer in the next issue.

The Woman's Union of the First Christian church will hold an important meeting at the church Thursday afternoon, at 2:30 o'clock. It is imperative, almost, that every member be present, as final arrangements will be made with reference to serving refreshments during the Kern Carnival. At a recent meeting of the Union, the members enthusiastically decided to do their part toward making the Community Dinner, to be served in Tracy Park, a huge success. The Union will also have its eating booth at the corner of Fourth and Chillicothe streets, where they have served short order lunches during each of the preceding carnivals. Section Five of the Woman's Union will meet at the home of Mrs. Wiley Tipton, on Twelfth street, Thursday afternoon, at 1:30, and arrange to attend the union meeting at the church in a body.

Class Number Five of the Mandy church, taught by Miss Letta Adams, will hold a social in the basement of the church on Thursday evening, August thirty-first. As many members of the class as can are asked to come in the afternoon, about twenty, to help fix the tables and decorations.

Mrs. J. R. Bender and son, Mrs. J. F. Amberg and son, Ferman, who have been spending the summer at Camp Washington, have decided to stay two weeks longer, as their health is so much improved.

Miss Edythe Siggers, of Washington, D. C., who has been visiting Mrs. W. A. Wurster for the summer, left Tuesday for Columbus, O., to visit Miss Ruth Maxwell, of that city, on her way home.

SOCIETY

A delightful birthday party was held at the home of Mr. Robert Scott of Prospect street, in honor of the little daughter of the household, Miss Beulah. The evening was spent in playing games, music and eating. At the close of the evening, delicious refreshments of ice cream, cake and fruit were served. On the birthday cake were nine candles, which Beulah blew out. The guests were as follows: Eloise Leedom, Alma and Flora Jones, Beulah, Madeline and Elizabeth Proctor, Howard Adams, Etta Ashcraft, Doris and Delbert Potts and Mrs. Robert Leedom and baby daughter, Helen. Mrs. Mary Roberts and Mrs. M. H. Adams, the Misses Georgia, Hannah and Edith Roberts, Avis Adams, Ethel and Janet Flowers, Mr. Leslie Flowers and Mr. Robert Scott. At this party it was also announced to the older members the engagement of Miss Avis Adams to Mr. Earl Ramsey was announced at a party given at the home of Mr. Robert Scott.

The engagement of Miss Avis Adams to Mr. Earl Ramsey was announced at a party given at the home of Mr. Robert Scott.

A pretty wedding was solemnized Monday evening, at eight o'clock, at the First Christian church, when Miss Esther May Dixon and Mr. Fred J. Miller were united in marriage. Rev. E. G. Hamilton officiated with the impressive ring ceremony. Miss Pearl Dixon and Leona Stewart, sister and close friend of the bride, were the attendants. After the ceremony the happy couple went to the home of the bride's parents on Gallia street, where a dainty repast was served to the bride, groom, relatives and close friends. Miss Dixon is the daughter of Mr. and Mrs. George R. Dixon, and for years has been employed at the Excelsior Shoe Company. The groom is a well-known barber of Oak Hill and was formerly employed at Charles Sperry's barber shop, this city.

Miss Ruby Heberlein entertained the B. B. L. girls and a few friends last evening as a farewell to Miss Florence Daehler, a member, who will soon leave to take up studies at Miami University. The club members present were: Florence Daehler, Helen Rowe, Helen Hoss, Emma Schirrmann, Eloise Hicks, Bessie Mick, Leola White, May McGee, Grace Adams and Ruby Heberlein. Helen Keyes, who is in Chicago, was the only absent member. Guests were Grace Laneck, of Alexandria, O., Evelyn Bond, Margaret Quinn, Helen Grassman, Marjory Gerlach and Pauline Mick. Miss Heberlein was assisted by Miss McGee in serving dainty refreshments. In a guessing contest the prize was awarded to Miss Hicks. Miss May McGee will have the next meeting.

Miss Mary K. Hermann has resumed her duties at the city auditor's office, after a two weeks' vacation.

In After Years

Your baby will feel the effects of improper feeding.

Do you know that cow's milk contains but one-sixth the amount of iron of mother's milk and that Thompson's Food (Peptonized) is pure sweet milk modified on a large scale and so prepared that the iron content equals that of mother's milk.

Your baby will thank you in after years if you bring it up on Thompson's Food (Peptonized). There will be no danger of it being anaemic, rickety or backward in growth. Ready for use by simply adding water.

We suggest that you try a 50c package with our guarantee of satisfaction.

Mr. and Mrs. Ed Messmer and daughter, Margaret, went to Cleveland, Marion and Columbus on a fine auto trip. They had no trouble whatever with the machine during the entire trip. Mr. Messmer is very proud to think that his wife's health is so improved that she was able to drive the car there and back. Mrs. Messmer had a long illness, caused by nervous trouble and no doctor thought she would ever regain her health enough to do much of anything, and it was certainly a surprise to all her friends. Mr. Messmer expects to take many long trips, since he has such a good driver.

Mr. Harold A. Schirrmann, a 1916 P. H. S. graduate, son of Mr. and Mrs. J. R. Schirrmann, of 1412 Gallia street, will leave the latter part of next month for Cincinnati, where he will enter upon a six years' combined medical course. His many friends wish Mr. Schirrmann the best of good luck in his chosen work.

Mrs. W. C. Ferguson and Mrs. W. S. Oldfield spent the day yesterday with Miss Della Cook, of Gephart's.

The beautiful home of Mr. and Mrs. Martin McMahon, of Sixth street, was the scene of a delightful party last evening, given in honor of her sister, Miss Pauline Schroeder, the beautiful and accomplished daughter of Mr. and Mrs. George Schroeder, who leaves next Sunday for Rochester, Minn., where she will enter the Novitiate of the Sisters of St. Francis. The spacious rooms were beautifully and artistically decorated in roses and smilax, the color scheme of yellow and white being carried out in every detail. Mr. Edward Keen presided at the piano and rendered delightful music for the dancers, practically all the guests participating. One of the most enjoyable features of the evening was a duet by Misses Pauline and Margaret Schroeder, and in response to a hearty encore, their sister, Mrs. McMahon, sang several beautiful selections. Delicious refreshments of cakes, ices and mint were served to the following guests: Mr. and Mrs. Geo. Schroeder, Mary and Gertrude Gerken, Jonella and Mary Stokes, Alma Frantz, Matilda, Margaret, Pauline and Frances Schroeder, Grace and Gertrude Lang, Josie Doerr, Agnes, Margaret and Catherine Cassidy, Nancy Harth, Norienne Augustin, Alma and Margaret Yunker, Marcelle McAfee, Margaret Kerns, Margaret Vetter, Kate Roush, Olga (Thoroman), Mr. and Mrs. Edward Keen, Mr. and Mrs. Stanley Schroeder and children, Dorothy and Annie, Messrs. Try this new Pie Crust

It is simple to make.
It is rich, yet digestible.
It is made with Crisco.

Crisco is all vegetable, a rich and pure fat which digests readily. The digestibility and purity of your pastry shortening are important because one-third of the crust is composed of shortening.

CRISCO

For Pastry, for Shortening, for Cake Making

Clip this recipe; pin it over the kitchen table to try next baking day.

(Sufficient for 2 Pies)

3/4 cupful Crisco
2 cupful flour
1 egg
1 tablespoonful lemon juice

3/4 teaspoonful salt
Sufficient cold water to hold mixture together

(Use level measurements)

Sift the flour and salt into a basin. Flour the blade of a knife, and chop the Crisco into the flour, being careful to keep the flour between the blade of the knife and the shortening. When the mixture looks like meal, add gradually the egg well beaten and mixed with the lemon juice. Roll the pastry into a ball with the knife. It may be used at once, but it will be improved if allowed to stand in a cool place for one hour. This pastry should be rolled out once and handled as lightly as possible. It may be used for sweet or savory dishes. Bake in hot oven.

*Lemon juice makes shells of short more pliable, so that dough stretches under brisks as pie is rolled out.

HOW MRS. BEAN MET THE CRISIS

Carried Safely Through Change of Life by Lydia E. Pinkham's Vegetable Compound.

Nashville, Tenn.—"When I was going through the Change of Life I had a tumor as large as a child's head. The doctor said it was three years coming and gave me medicine for it until I was called away from the city for some time. Of course I could not go to him then, so my sister-in-law told me that she thought Lydia E. Pinkham's Vegetable Compound would cure it. It helped both the Change of Life and the tumor and when I got home I did not need the doctor. I took the Pinkham remedies until the tumor was gone, the doctor said, and I have not felt it since. I tell every one how I was cured. If this letter will help others you are welcome to use it."

—Mrs. E. H. BEAN, 525 Joseph Avenue, Nashville, Tenn.

Lydia E. Pinkham's Vegetable Compound, a pure remedy containing the extractive properties of good old fashioned roots and herbs, meets the needs of woman's system at this critical period of her life. Try it.

EMBARGO

(Continued From Page One)

Columbus, O., August 30.—An announcement was made here today by the Toledo and Ohio Central and the Zanesville and Western Railroads that no perishable freight would be received for shipment after noon tomorrow, August 31, and that other freight would be accepted subject to delay in transmission.

The railroads also announced that no freight would be received for points other than on their own lines.

St. Paul, Minn., August 30.—The Northern Pacific Railway today declared an embargo on perishable freight and live stock that would not reach its destination by Saturday, September 2.

Peoria, Ill., August 30.—The Toledo, Peoria and Western Railway today declared an embargo on all live stock and perishable freight that will not reach its destination prior to September 2.

Baltimore, Md., August 30.—The Baltimore and Ohio Railroad today announced an embargo on the receipts of all perishable freight which could not be delivered by 7 a. m. Monday, September 4.

Omaha, Neb., Aug. 30.—The Union Pacific Railway company last night issued an order placing an embargo on livestock and other perishable freight that would not be delivered before September 2.

Kansas City, Aug. 30.—An embargo against the acceptance of all perishable freight shipments that cannot be delivered before the threatened strike order goes into effect Monday morning will be issued today by the Kansas City Southern railway, it was announced.

New York, Aug. 30.—An embargo, effective tomorrow, on all perishable food products, was announced today by the Delaware Lackawanna and Western railroad.

Detroit, Mich., August 30.—The Michigan Central Railway today placed an embargo on shipments of all perishable freight which could not be delivered before September 2.

Denver, Colo., August 30.—The Denver and Rio Grande railroad today issued an embargo on the receipt of all perishable freight and live stock which cannot reach destination before September 3.

Philadelphia, Pa., August 30.—The Pennsylvania railroad and its allied lines have placed an embargo on freight shipments, it was announced here today. The embargo effects explosives and inflammables beginning tomorrow, perishable freight, beginning Friday and all other freight beginning Saturday. As soon as practicable after Labor Day the embargoes will be modified to permit resumption of the movement of foodstuffs and perishable freight.

New York, August 30.—The Erie Railroad announced today that it had put into effect yesterday an order that all classes of freight accepted for transportation over its lines would be subject to delay on and after September 4. This order does not apply to freight accepted before yesterday.

St. Louis, Mo., August 30.—An embargo on all perishable freight that can not be delivered at destination by September 3, will be issued by the Wabash Railroad today.

Cincinnati, O., August 30.—The Cincinnati, New Orleans and Texas Pacific Railway Company has issued a notice to the public stating that in view of the critical state of conditions respecting labor it would probably be necessary within the next twenty-four or forty-eight hours to issue an embargo against the acceptance of all classes of freight.

Columbus, O., August 30.—An embargo will be placed on all perishable freight by the Hocking Valley Railroad it was announced at the offices here today. Formal notice will be issued late today or early tomorrow morning. Other freight will be accepted subject to delay.

RAILWAY

(Continued From Page One)

Each side will be given three hours in which to discuss their views of legislation by President Wilson to prevent the threatened strike and to provide for operation of trains in the event of a strike.

The committee has under consideration tentative drafts of three bills, one covers the proposed eight hour day and creates a wage commission of three members, two to be recommended respectively by the railroads and the brotherhoods which shall observe the administrative and final effects of the institution of the eight hour day.

Another amends the Newlands act to make arbitration more effective along the line of Canadian principles. The third provides for government operation of railroads for military necessity.

Congress Working On Legislation

Washington, August 30.—Congress went to work under pressure today to prevent by legislation the railway strike called for next Monday.

It was not assured that, even if measures proposed by President Wilson in his address to congress yesterday can be passed in the five days remaining, they will be effective in forestalling the walk-out.

In general, brotherhood leaders intended to fight the legislative program and railway management expected to support it, but both sides laid plans for the strike quite as if its coming were beyond all doubt.

President Wilson still hoped the brotherhood leaders now in Washington would find means of rescinding the strike order, which they maintain has gone beyond their jurisdiction. There was no unanimity among them as to whether the suggested measure to forbid a strike pending investigation by a public commission if passed and made effective before next Monday, could apply validly to the present situation. Railway executives believed, however that the legislation advocated would force a suspension of action, possibly only by the pressure of public opinion.

While government machinery was humming today with strike plans, there poured in from all sections of the country reports that railroads were declaring embargoes on perishable stuff, refusing to accept freight with guarantee of prompt delivery and warning against passenger travel extending past seven a. m. Monday, the hour set for the strike. These reports gave a hint of the rigors which might be expected from a general strike.

As a sequel to the conference in Speaker Clark's office at the capitol last night between the president and congressional leaders of both parties, those leaders planned another meeting for today to map out a course. Arrangements also were made for a meeting of the senate interstate commerce commission, for it was in the upper house that strike legislation was to be thrashed out first.

Anxious To Prevent Tie-up

Members of congress were not fully agreed on methods, but they were represented as in entire accord with the purpose to prevent in some way the threatened tie-up. Some measures to be agreed on probably will be attached to the

RAILWAY

bill pending in the senate to increase membership of the Interstate Commerce Commission from seven to nine.

The eight-hour day law for interstate railroad traffic suggested by the president is not entirely agreeable to the brotherhoods, for they want with the eight-hour day ten hours pay and congress has no authority to prescribe wages. The employees expect the principal fight against this to be made by the railroads however.

The proposal for investigation by a presidential commission is welcomed by the railroads, but not by the men.

The suggestion that congress empower the Interstate Commerce Commission to grant higher rates as recompense for increased wages is frowned upon by the railroads on the belief that shippers would object and the good will of these interests would be lost.

Brotherhoods Object To Investigation

The most violent objection of brotherhoods is to the proposed law for investigation of future labor disputes and the prohibition of strikes or lockouts during the investigation; railroad executives favor this measure.

Many legislators believe the president's recommendation of a law authorizing forced governmental operation of certain roads for military reasons is superfluous; they insist that, the other action contemplated will forestall the strike of itself.

Feverish Activity Shown In East

New York, Aug. 30.—Railroad traffic both to and from New York showed a feverish activity today in anticipation of a general strike. It is estimated that before September 4, the threatened date of the tieup, this city will rid itself of a floating population of nearly 350,000 and receive about the same number of residents who have been on vacations. Passenger traffic just before Labor Day is always heavy even under normal circumstances.

Unless the situation changes radically it is expected that the other eastern railroads will fol-

low the example of the New York, New Haven and Hartford and declare a freight embargo to take effect immediately after September 4. The management of the New York Central will consider this question today upon the return of President A. H. Smith from Washington.

Railroad executives here expressed hope today that if a strike were called they could run enough food trains to keep the city from privation. The city milk supply they promised would be the first to receive consideration. The big milk companies have been organizing to meet the situation ever since the strike became imminent. Drivers of milk wagons have been instructed to make a census of the babies on their routes and they will be attended to first. The milk companies have arranged to obtain hundreds of motor trucks which will be used to collect milk from the territory surrounding New York if the regular milk train service is discontinued.

The city consumes 500,000 quarts a day and it is estimated that 25 per cent. of this goes to babies, and another 25 per cent. to children who depend largely on milk for food.

Police To Control Food Supplies

The police department, it was announced today, is prepared, if need arises, to assume virtual control of the food and fuel supply. For this purpose it has made a canvass to ascertain the stock of foodstuffs now available here and it has a list of all the motor trucks and other vehicles that can be used to carry freight and of lighters, towboats and other vessels than can be pressed into service in waters surrounding the city.

In the wholesale grocery and commission district today it was reported that restaurants, hotels and boarding houses were beginning to lay in huge stocks of food. Wholesale grocers are not disposed to agree with the prediction that in the event of a railroad tie-up there would be a food famine here in a week. If the milk supply for children could be assured it was said that the rest of New York could find enough food here or within easy-reaching distance to last a month.

INDICTMENTS RETURNED AGAINST OFFICIALS

Cincinnati, O., August 30.—Indictments were returned late yesterday by the grand jury charging Samuel P. Peacock, president of the German-American Commercial and Savings Bank of this city, and his son, Howard W. Peacock, cashier, with issuing false statements regarding the condition of the bank. Ames P. Foster, attorney for the accused men, notified Sheriff George F. Schott early today that Peacock and his son would surrender and answer the indictments today.

DRINK TO YOUR HEALTH

Kentucky Carlsbad Water

There is more to the caption of this little article than, at a glance would appear.

If one would stop and consider what the drinking of PURE WATER means and then add to this the wonderful medicinal properties contained in Kentucky Carlsbad Water, one would get the full meaning of "Drink to Your Health."

This "WONDER WATER" comes from the earth at a depth of over 1,100 feet, is thoroughly filtered, which removes any possible foreign matter, but does not remove any of its health giving properties, and is put up in half-gallon bottles (six to a case) that have been thoroughly washed and cleansed and then sterilized with live steam.

To each case, as above described, is added one smaller bottle of the Natural Mineral Water, that has been fortified for use in cases of constipation or when the bowels need flushing.

Unless you are familiar with Kentucky Carlsbad Water you are, no doubt, wondering what the wonderful curative properties contained in this water are and what we claim for them. If you will send for our free booklet, which gives the analysis of Kentucky Carlsbad Water, and submit same to your physician, he will tell you that by using the water in liberal quantities it will correct Uric Acid (the cause of most rheumatism) Albumen (the symptoms of Diabetes), and will give quick relief in cases of Stomach Trouble.

We have here at Dry Ridge a thoroughly modern sanatorium and hotel, where patients receive prompt and permanent relief from all the above troubles.

Our rates are low and we would like to correspond with you in reference to your particular trouble. Write for booklet.

IKEY PYLES BADLY HURT

Ikey Pyles, a well known local character, dislocated his hip and is thought to also have suffered internal injuries in an accident near Seventh and Chillicothe streets Wednesday morning.

Pyles was riding on the rear end of an Interstate Transfer company's moving van. In trying to alight he lost his balance and fell against an automobile that was standing in front of W. M. Knight's Ever Eat restaurant. Pedestrians assisted him into the restaurant and later the police patrol removed him to Hempstead hospital. The public safety department warranted him over to the county authorities for relief.

Portsmouth Boy Writes Of Army Life Along The Border

The regulars stationed along the Mexican border respect the ability of the National Guardsmen, according to a letter received by The Times from Musician William D. Bennett, a Portsmouth boy, who has been in the regular service for a year. Some interesting personal impressions of Mr. Bennett are given in the letter which is as follows:

"I will try and let you know a little of what is going on here on the border. There are about 30,000 troops here in El Paso now, militia and regulars. We have sufficient artillery here to tear up four or five Juarez's, and believe me, we are in a good humor to tear it up too. The 'Spicks' (Mexicans) across the line still pick us off, when they get a chance. But I never lost anything over in that neck of the woods and they are not going to get a chance at me.

"The Mexicans are of the opinion that we are afraid of them. But these militiamen took that idea out of their heads because they shoot as quick as the Mexicans do. And they are asking

the United States to take them away from the border. It would be almost impossible for the Mexicans to make a surprise attack on El Paso, because the border is too well patrolled. Everywhere, we go at night, we hear 'Halt! Who goes there?' and when you hear it you had better halt and answer 'Friends' or there will be a funeral the next day.

"The militiamen are sure getting enough border patrol. We did it all until they came. If they ever did any hiking, they are doing it now. Of course, they can hike five or six miles and not notice it. But I guess that some of them never saw a hard day's hike. We have made as high as twenty-five miles in a day. Well, I will close for this time and every little bit of news I get I will try to put it together and write you again.

"WILLIAM D. BENNETT,
Company D, Fourth Infantry,
Camp Cotton, El Paso, Texas.

VON HINDENBURG MADE CHIEF OF STAFF OF GERMAN ARMY; VON FALKENHAYN REMOVED

Copenhagen, via London, Aug. 30.—The Ritz News Agency publishes a despatch giving the official announcement of General Von Falkenhayn's dismissal by the emperor as chief of the general staff and the appointment of

GEN. VON HINDENBURG

Field Marshal Von Hindenburg to the post.

General Von Ludendorff, Von Hindenburg's chief of staff, the despatch adds, has been appointed first quartermaster general.

The recent appointment of Von Hindenburg to the supreme com-

mand of the German armies on the Russian front came when Russia was considered on the verge of a decision, and German newspapers indicated that it had a political bearing. Germany was credited with the belief that the prestige of Von Hindenburg would favorably impress Russia.

As chief of staff Von Hindenburg doubtless will be withdrawn from the east to Berlin.

General Von Ludendorff has been credited with lending valuable aid to Von Hindenburg in his successes over the Russians.

Gen. Von Falkenhayn early in the war was placed in charge of Emperor William's headquarters in place of the late Lieutenant General Helmuth Von Moltke, then chief of staff who was ill, and later succeeded Von Moltke at the same time remaining minister of war. Later he resigned as minister of war and was succeeded by General Adolf Wild von Hohenborn.

Berlin, August 30.—General Erich Von Falkenhayn, whom the emperor has dismissed as chief of the general staff to give place to Field Marshal Von Hindenburg,

New Lights Ordered

The West End Improvement Association's light committee Monday placed an order with South Bend, Ind., firm for twenty electric arc lights to be delivered at once.

The lights which are said to be even prettier than the sample light placed for testing purposes

in front of Chas. Barlow's plumbing store, will be distributed along Second street from Chillicothe to Market street. The committee expects to continue its canvass in the hope of having a considerable more such lights placed in front of houses and business places of the West End.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Portsmouth people.

Mrs. J. H. Brown, 627 Ninth street, Portsmouth, says: "When I was washing, sharp pains shot through the small of my back. I tried easily and the action of my kidneys was irregular. I often had dizzy spells and dull pains in the back of my head. The first box of Doan's Kidney Pills, procured at Fisher and Streich's Pharmacy, helped me and two boxes fixed me up in fine shape." 50c at all dealers. Foster-Milburn Co., Props., Buffalo, N. Y.

BULLET IS FIRED AT NEW BOSTON MARSHAL

Marshal Ike Wells, of New Boston, was the near-victim of an assassin's bullet last night about 11 o'clock.

Wells was walking along Gallia avenue when just as he was passing a gang-way at the former Fitch Bros.' meat market, now occupied

by G. M. Warder's furniture store, a bullet whizzed by, just grazing his mouth and nose. In dodging backward his feet slipped out from under him and he fell to the sidewalk. He believes this accidental move on his part perhaps saved his life, the man evidently thinking he had killed him. As Wells regained his feet he was able only to catch a slight glimpse of the fleeing form of the disappearing man.

Sciotoville Man Is Waylaid And Robbed By Three Men

Robert Stewart, aged 35, of Sciotoville, was waylaid by three men and robbed of a gold watch and \$40, and but for a ruse to which he resorted, would probably also have been murdered, near the Millbrook park spillway, early Tuesday morning.

Sam Vicars, aged 30 years, a Morehead, Ky., young man, who was locked up as a suspect in the robbery by Marshal Ike Wells, Tuesday morning, was released from custody Wednesday morning, pending further developments. Vicars had been identified by Stewart, it was stated, at the New Boston mayor's office, as one of the men who were at the scene of the robbery. Vicars denied having had any hand in the affair whatever.

Stewart was on his way home when suddenly three men on the river bank, just east of the Steel plant grounds, sprang up from beside a bonfire, where they had been playing cards. One of them heaved a brick at him. It knocked off his hat, but he feigned being hurt, falling to the ground and lying almost motionless while the men ransacked his pockets.

After they started away he overheard one of them say, "A dead man can tell no tales. I'll just go back and finish him." Stewart immediately jumped up and ran as fast as his legs could carry him over to New Boston. It was about one o'clock when he reached the mayor's office and reported what had happened. Officers made an all night search for his assailants, but without result. They claim to have a good clue to the identity of two of the men and are keeping a sharp lookout for them.

25,000 CARDS ON SALE

Have you purchased a supply of Korn Carnival Post Cards?

If not, now is the time to do it. Cards are on sale at many of the local stores, and Saturday, September 2, is Post Card Day.

On Post Card Day each public-spirited citizen is expected to mail one or more Carnival post-cards to out-of-town friends or relatives.

Twenty-five thousand cards in all have been purchased by the Korn Carnival committee. These cards are disposed of at one cent each. Buy one or more and assist in advertising Portsmouth, "The City That Does."

Collarbone Splintered When Auto Hits William Daugherty

After stepping from in front of a north bound street car at the corner of Rhodes avenue and Center street, New Boston, Tuesday evening at 6 o'clock, William Daugherty, manager of a second hand store belonging to G. M.

Warder, New Boston, was struck by an automobile reported to have been driven and owned by Harry Copelan, saloonist, New Boston, and seriously hurt.

Dr. W. G. Cheney, New Boston, was called and the injured man

was removed to the Hempstead hospital.

An examination revealed that his collarbone was splintered. Wednesday morning Mr. Daugherty was reported to be somewhat better, although his condition was considered serious.

"Rush Hour Service" Of Street Railway Co. Further Improved

Early morning "rush hour service" with the street railway company is to be further improved by reason of

additional employees being added in the Whitaker-Glessner plant in New Boston, other plants in that village and at the vast N. & W. shops in East Portsmouth.

Within the short space of 20 minutes in the early morning, six cars will be run from the West End car barn to New Boston. The 5:10 a. m. car will be followed by the second car, the 5:30 car will have a "trailer," as will the 5:50 car. In the

past only the 5:20 car had a "trailer." An additional car to leave New Boston at 4 o'clock every afternoon has also been provided for by the street car company, this being put on to take care of N. & W. employees, who are through their day's work at this hour. This car was put on today, but the two additional cars from the West End barn will not be put on until Friday morning, September 1.

FLOYD SCOTT REAL HUNTER, KILLS DEER

Dave Scott, in charge of the packing department at the Selby Shoe Co., has received word from his brother, Floyd Scott, located at Oakland, California, that the latter shot and killed a big deer while hunting in the mountains in Lower California.

The deer weighing 190 pounds, Mr. Scott bringing him down with one shot at a distance of 200 yards. Mr. Scott left for California ten years ago and has not been back to this city. While a resident here he was employed as clerk in Frank Baker's shoe store.

BARBERS WILL MARCH

According to President C. D. "Dick" Millison, the Barbers Union will participate in the Labor Day parade.

The members are quite enthusiastic over the event and they expect to be out in full force. No

doubt the barbers will make the splendid showing that they always do. President Millison states that the union will never be found lacking when it comes to displaying their loyalty to the union cause.

HUNDREDS OF RAINBOWS SEEN

Maysville, Ky., Aug. 30.—A storm broke over this section yesterday at the time of a heavy fog which enveloped the city. Vivid flashes of lightning through the clouds.

Presented a weird scene, there being displayed hundreds of rainbows at every flash. Considerable damage was done growing crops.

ALLIGATOR CAUGHT IN BIG SANDY RIVER

Louis, Ky., Aug. 30.—A three-foot alligator was caught in Big Sandy river at Shelby, 12 miles south of Pikeville, by Richard Ratcliff.

There is much speculation as to how the alligator came to be in the Big Sandy and so far from his native haunts. The prevailing theory is that the saurian must have been brought from the South by some returning tourist and that subsequently it made its escape from captivity.

MARSHAL OF PROCTORVILLE MURDERED, FOUR MEN HELD

Ironton, August 30.—Four men, held responsible for the murder of L. C. Kennedy, aged 50, marshal at Proctorville, this county, are confined in the county jail and this morning will be formally charged with the commission of the crime. These men are Sim Bowen, Ed Shavor, Carl Dement and Leslie Cooper, all young men of Proctorville, who with Baxter Rose, who has not yet been apprehended, attacked Marshal Kennedy Tuesday morning and beat him so badly that

he died in less than two hours after from a fractured skull. Rose, together with Sim Bowen and Ed Shavor, fled to West Virginia after the marshal had been mortally wounded and Sheriff Sloan is now leading the searching party of West Virginia officers that are scouring Cabell county for him. Bowen, Dement and Cooper were brought here last night by Deputy Sheriff Hutchinson, Constable Brannigan and Officer Massie, who went to Proctorville immediately after

they received word that Kennedy had been murdered. The four prisoners maintain strict silence, refusing to talk of the case, even among themselves at the county jail.

It seems that the murder was the outgrowth of an arrest of the five men above mentioned, Monday evening, on the charge of being drunk and disorderly. Kennedy effected the arrest, and May or John A. Bowman ordered the quintet to appear before him at nine o'clock Tuesday morning. Kennedy had been forced to draw his gun to get out of the

crowd and they threatened to "get Kennedy and Mayor Bowman," it was charged.

A STORY OF LONG SUFFERING

Indiana Lady's Deliverance Effected At The Eleventh Hour.

Alfordville, Ind.—In a letter from this place, Mrs. Vada Street says: "For over eight years, I suffered from almost every ailment known to my sex."

I would have such severe pains in my back, every month, that I would be in bed two or three days. At such times I would be so nervous that I could hardly stand to have anyone walk across the floor.

I tried a lot of different medicines, but nothing I ever tried did me so much good as Cardui, the woman's tonic.

I have taken three bottles of Cardui, and the last three months I haven't suffered any pain at all, and I do not have those awful nervous spells.

Had I only known of this wonderful medicine eight years ago, I could have saved many dollars, and days of pain and sorrow.

I advise every woman who has the least symptom of womanly trouble, to take Cardui.

Lady Reader, have you any of these symptoms? If so, we urge you, as Mrs. Street does, to give Cardui, the woman's tonic, a trial.

It is composed of purely vegetable ingredients—and can do you no harm. It is almost sure to do you good.

Your dealer sells Cardui.

Try it today.

HUSTLING FLOOD JOB

The S. Monroe & Son company's forces on the new flood wall had been set and were pouring concrete up to Mill and Bond streets Wednesday, expecting to finish pouring a 170 ft. stretch there by evening. An opening will be left temporarily at Bond street to give access to the Wilson Company's sand tipple. An

opening has also been left temporarily at the old Mill street pumping station.

The Monroe Company has abandoned the use of iron forms for pouring concrete, declaring it was impossible to make any speed with them. The company has resumed the use of wooden forms.

Bishop Is Arrested

Boilermaker Bill Bishop was arrested upon complaint of a woman Tuesday night at 8 o'clock, the police finding him asleep in a yard at Tenth and Gay streets.

He was charged with drunkenness. Bill was also found to be suffering from a very sore throat caused by swallowing a big dose of ammonia which he mistook for alcohol last Friday.

Bishop was fined \$5 in court Wednesday morning.

WITNESSED A TERRIFYING SIGHT

Capt. A. W. Brewer, of St. Paul, Ky., was the guest of his friend, Dr. J. D. Hendrickson at Harrisonville Monday and relates what a terrifying sight the doctor caused him to witness.

Captain Brewer said the physician drove him over Fount hill in his auto. Once they got under way and he got a glimpse of a 150 foot precipice, he wanted to get out and walk, even offering the doctor a "fiver" if he would

stop long enough for him to get out of the machine, but he declined. The captain did the next best thing and that was to occupy a seat on the side next to the hill. "Verily I believed it to be the mountain we read of in scripture about Satan taking Christ to its top to tempt him by showing him the riches of the world. 'The road is fine, but that hill is awful,' said the St. Paul veteran.

Hunting Season Opens Friday September 1st

September 1 will mark the opening of the 1916 hunting season in Ohio for certain classes of game and in anticipation of the opening, many hunting license are being obtained. On September 1 the season will be open for hunting wild duck, wild goose, brant or other wild water fowl, for rail, coot, mudhen, gallinule, black-breasted and golden plover, jack snipe and greater and lesser yellowlegs.

THE WHY OF THE GEEKS

The Geeks Origin and Purpose

During the month of March, 1915, an invitation was sent out by Wm. Barren to twenty of his friends to join him at an evening dinner. After dinner the evening was spent in discussion of various subjects and a general good time prevailed. One of the subjects mentioned was the death of Mr. George M. Appel and special mention was made of how he had befriended the poor children of the city by donating shoes to them during the winter months. And how these children would miss him and what suffering and deprivation they must endure unless some one volunteered to take the place of Mr. Appel. None of those present being blessed with the wealth to personally take up this work it was decided to form an organization to devise ways and means to create a fund to carry on this work. A committee was appointed to draft a constitution and by laws, and at a subsequent meeting were adopted. And the Benevolent Group of Geeks was launched. The two fundamental principles upon which this society is founded is The Promotion of Good Fellowship among its members and the extending of charity to the worthy poor children of the city. Through adverse criticism our first year was a rough one and it required strong grit and determination to keep our Group together. During the fall of 1915 we gave a indoor fair in Distel's Hall for the purpose of raising money for our shoe fund. The receipts from this fair added to private subscriptions from various members we were able to shoe three hundred and fifty children. This year we have engaged the Sank Bros. and Berrian to put on a minstrel show which will be given at the High School Auditorium, Aug. 31 and Sept. 1st for the purpose of raising money for our shoe fund, and we trust the people of Portsmouth will fill this auditorium at both of these shows so that we may have a fund sufficient to shoe every needy child this winter. One of the sections of our by-laws prohibits the use of any money raised for the shoe fund to be used for any other purpose and those patronizing these shows may know that they are not only seeing a good clean show but are helping to shoe some poor kiddie. In order to show that we mean just what we say we invite the school board to personally or by committee check the receipts of these shows and check the shoes given out and make public the result of their check. Our method of giving out shoes is by application being made to some member of the society who issues an order to the applicant for the shoes. Last year a very large per cent of the shoes given out were issued upon orders furnished by our school teachers and no publication either through the press or in open lodge being made of who the applicant was. Last year we purchased our shoes through Mr. St. Straus who not only sold us the shoes at actual cost but fit them free of charge. And we hope to make the same arrangement this year and any shoe merchant who will give us the same agreement we would be pleased to give to them their share of this patronage. We trust that this will set us right with people of our city and all will join us in making this undertaking a success so that during the winter of 1916 and 17 every worthy child in our city can attend school with good warm foot covering. When you are approached by some member of the Group and asked to buy a ticket remember you are helping to shoe some poor kiddie. Let the slogan of the Geeks: Help Shoe a Poor Kiddie be the slogan of every citizen of Portsmouth during this week. If you do every worthy child will be shod.

ROTH'S Portsmouth's Only Sporting Goods Store

We, the undersigned, wish to speak a word to the public in general, regarding the

GEEKS MINSTRELS

OF VAUDEVILLE we really think it will stand without a peer. The scenery carried by us is all Special and we guarantee that when the curtain goes up on the First Part you will not see one piece of scenery that belongs to your local Auditorium. Said scenery was designed by us and painted for us by the Armbruster Scenic Co., Columbus, Ohio.

OUR FIRST PART IS ENTITLED "In The Garden of Loveliness" After you have seen it you will agree that it is worthy of its name. The Stunning Costumes used are all of silks, satins, broadcloth and velvet, carried by us for no other purpose than to harmonize with the beautiful surroundings.

At the rise of the curtain you will see fifty-four of your local boys, and you can rest assured they will amuse and entertain you. Then comes the aforesaid DILLO of four carefully drilled Vaudevillians. Acts including several well known local amateurs who really deserve a professional place in theatrians.

Again we will say that when the curtain goes up on the AFTER PIECE you will not see one article of house scenery as we carry all scenery pertaining to

"Down On The Old Swansons" including the Swansons River, the Little Southern Cabin, the Rising Moon, the never-to-be-forgotten Robt. E. Lee (in motion), Running Water effect, and in fact everything pertaining to a Southern River Plantation, even to the Dancing Pickaninnies. You must see this most wonderful amateur show and be convinced. Reserved Seat Sale opens at 10 a. m. Tuesday, August 29th, at Brandan's Book Store

Thanking you in advance for your attendance, we beg to remain,

THE MENACE OF A BAD CAR SHORTAGE

The statistics regarding the freight car situation on August 1st, which were issued by the American Railway Association this week, are the most ominous that ever were compiled for the first week in August," says the Railway Gazette in its issue of August 18th, 1916.

They indicate clearly that unless there is some unexpected and radical change in commercial, industrial and transportation conditions the railways and the shipping public will have to deal this fall and winter with one of the worst shortages of freight cars in the history of the country. The gross car shortage reported on August 1st, 1916, is the largest, the gross surplus is the smallest and the net surplus is the smallest ever reported on that date since statistics regarding these matters have been kept. The net surplus was only 10,616 cars. The smallest net surplus previously reported on August 1st was that of 1907, which was 27,836 cars, and in the fall of that year there was a severe car shortage, the net shortage rising on October 30th, 1907, to 86,900 cars.

Past experience seems to indicate that whenever the net surplus in the early part of August is less than 100,000 cars there is pretty sure to be a net shortage beginning in October or the early part of November. There were only three years from 1907 to 1915, inclusive, when the net surplus on August 1st was less than this. These were 1907, 1912 and 1913, and in every one of them there was a car shortage in the late fall and early winter. The figures regarding car shortages and surpluses and net surpluses on August 1st for the last 10 years are as follows:

August 1st.	Shortage	Surplus	Net Surplus
1916	37,292	47,908	10,616
1915	886	265,131	264,243
1914	2,333	198,998	196,665
1913	11,261	69,716	58,455
1912	9,394	65,904	56,510
1911	2,045	130,136	128,091
1910	2,783	105,564	102,781
1909	169	207,173	207,004
1908	635	281,621	280,986
1907	18,814	46,650	27,836

"In view of the serious condition which these statistics indicate will exist within the next few months unless heroic treatment is applied, it behooves the managers of the railways and the large shippers of the country to take steps at once toward the adoption of some plan of co-operation which will result in the car supply of the country being utilized in the most efficient manner possible. There are enough cars to handle the country's business if only they shall be handled with care and efficiency. The statistics plainly indicate that unless they are thus handled there is going to be serious trouble. Past experience has shown that a bar car situation may be made much less than it otherwise would be by the exercise of foresight and energy on the part of the railways and shippers, and by prompt and friendly co-operation between them."

We observe from reading the telegrams sent out of Gallipoli that they always have considerably more rain up there than anywhere else in the Ohio valley; they always have a fiercer and more destructive wind up there than anywhere else in the Ohio valley; they always have a little higher water, producing a flood when the rest of us get a freshet, and they always have a little lower water than anywhere else in the Ohio valley; in fact there is nothing ordinary so far as the elements are concerned in and about Gallipoli. Everything is superlative.

Up at Gallipoli they tried out a most interesting and what proved to be, a most successful plan for solving the heated term problem of attendance at church services. It was decided to have on Sunday mornings a union church service to be known as the Community Church. A selected number of representative citizens were invited to deliver addresses at these services upon topics of general interest that had relation to religious affairs. Men like Judge Roscoe Manck, Editor W. G. Sibley and Dr. George G. Kimball, superintendent of the Hospital for Epileptics, consented to "preach" and judging from brief abstracts of their talks we have read, they gave most admirable sermons. The community took to the idea and there was a very large attendance at each service, despite the warm weather.

There might be something in this for Portsmouth churchmen to follow one of these days.

These are evil days for the newspapers and to increase their troubles now they have got Rumania to hurl a lot of alphabet breaking names into their columns.

The real problem is, if this railroad strike is pulled off on schedule time, what are the folks going to do, who go down to the station every day to see the train come in.

The Allies have ordered one million barrels of flour from Philadelphia. They have just got to raise the dough, thinks the Atlanta Constitution.

DAYS THAT STICK IN THE MEMORY

THE BUCKEYE STATE

(Cleveland Plain Dealer)

In commerce and industry Ohio continues to fix her place among the great bee hive states of the union.

A census of the manufacturers in Ohio, just completed by the census bureau of the department of commerce, in most particulars shows more than the normal growth for the five year period. The advance is along lines, diversified and substantial, and further demonstrating, if that be necessary, that the commercial rank of Ohio, high among the states, is resting on solid foundation.

In what the government officials regard as the order of their importance from a percentage standpoint the increases are set forth as follows: Salaries, 45.9; salaried employees, 34.9; wages, 29.9; primary horsepower, 26.5; value of products, 24; value added by manufacture, 24.2; wage earners, 14.3; number of establishments, 3.4.

In capital invested there was the huge total of \$1,677,552,000, marking a gain, over five years ago, of \$376,319,000, or 29 per cent. The cost of materials used in manufacture jumped 23.8 per cent, reaching the total of \$1,020,782,000. The value of the finished products reached the total of \$1,732,308,000, or an increase of 24 per cent.

Of much interest is the fact that salaries and wages jumped 33.6 per cent, the increase running well over \$100,000,000, and amounting the total of \$424,189,000. There was an increase in the number of salaried employees of more than 21,000. The number of wage earners hovered around the 500,000 mark, the maximum for any one month being 534,537.

The steady forward progress of Ohio is gratifying. In it is nothing of the mushroom variety. It is progress lasting in its character—gradual but sure. The story is by no means covered in terms of trade opportunity and employment. For with it goes the assurance that none in the sisterhood of states offers more than Ohio in the way of happiness, security and contentment.

Over along a West Side road there is an abandoned cemetery in which lie the remains of some of the pioneers of the valley. The fence which surrounded the cemetery has fallen down and we notice that horses and cows are using the cemetery as a grazing place and that they are fast obliterating evidences that the place is, or rather was, a burying ground. This does not look right to us. The cemetery is not a very big place, certainly no farmer would miss the small plot of ground it occupies and it seems that one ought to have enough of sentiment in his soul, enough of respect for those dead and gone to enclose the cemetery, or at least to keep the horses and cattle out of it.

The Wapaukoneta Daily News remarks, ament the proposed meeting of Democratic bolters at Columbus next week that "It is stated that the True or Blue Democrats are going to meet in Columbus next week. It is sincerely to be hoped that Harvey Garber will have a good time meeting himself."

They shot an amateur actor at Selma, Alabama. From this we may draw a conclusion as to the cause of the present decay of the stage. So many actors realize they ought to be shot.

A Democratic editor in Arkansas was fined \$1 for shooting his rival. The Bluefield Telegraph is mean enough to observe that the Republican quill driver must have been mightily badly wounded to cause the drawing of a fine like that in Democratic Arkansas.

Bed Time Tales

Policeman Billy

"Well, Bessy," said Mother Beaver, like common creatures, "what about it?" "Yes," said Mother Beaver, "what about it?" (She was so surprised she couldn't think of anything to say, but she didn't want to be left out, so she said it.)

"Father Beaver," she called in a quick whisper, "come here!" "Never fear! Never fear!" said the reason for her call. Mother Beaver was frightened at the sight of him. "I'm Policeman Billy, and I've come to talk over your right to live by Crooked Creek."

He said it so naturally that Mother Beaver had to believe she heard what she heard, but honestly, she had to pluck herself to be sure she wasn't dreaming—who really did!

Fortunately, Father Beaver came up just then and the raccoon had to say it all over again for him, and by that time Mother Beaver got a little used to hearing it and Bushy began to believe it—almost.

Of course Father Beaver tried to look as though he was used to policemen and rights and all that, but I must say he didn't succeed very well. The raccoon could tell as easy as anything that Father Beaver didn't understand a word he was talking about, not a word.

"Perhaps you didn't know that you had invaded the land of the Wigwags," said Policeman Billy, kindly, "and perhaps you don't know all their laws."

"Perhaps I didn't," agreed Father Beaver weakly, "perhaps I don't. Perhaps we'd better sit down and talk it all over. I always find sitting down a good thing when I'm surprised," he added.

So Mother Beaver and Father Beaver and Policeman Billy sat down on the bank of the creek; and Bushy and Little Brother sat just behind, where they could hear everything and not be in the way.

"Now," said Father Beaver (and he began to feel better when he saw that the raccoon would sit down just as he did), "what did Father Beaver say?"

CONGRESS AT WORK TO PREVENT RAIL STRIKE BY LEGISLATION

BULGARS TAKE GREEK CITY

DOUBTFUL EVEN IF MEASURES PROPOSED BY PRESIDENT CAN FORESTALL WALKOUT

Washington, August 30.—Congress went to work under pressure today to prevent by legislation the railway strike called for next Monday.

It was not assured that, even if measures proposed by President Wilson in his address to congress yesterday can be passed in the five days remaining, they will be effective in forestalling the walkout.

In general, brotherhood leaders intended to fight the legislative program and railway managements expected to support it, but both sides laid plans for the strike quite as if its coming were beyond all doubt.

Hopes Strike Is Called Off

President Wilson still hoped the brotherhood leaders now in Washington would find means of rescinding the strike order, which they maintain has gone beyond their jurisdiction. There was no unanimity among them as to whether the suggested measure to forbid a strike pending investigation by a public commission if passed and made effective before next Monday, could apply validly to the present situation. Railway executives believed, however, that the legislation advocated would force a suspension of action, possibly only by the pressure of public opinion.

Roads Declaring Embargoes

While government machinery was humming today with strike plans, there poured in from all sections of the country reports that railroads were declaring embargoes on perishable stuff, refusing to accept freight with guarantee of prompt delivery and warning against passenger travel extending past seven a. m. Monday, the hour set for the strike. These reports gave a hint of the rigors which might be expected from a general strike.

As a sequel to the conference in Speaker Clark's office at the capital last night between the president and congressional leaders of both parties, these leaders

Columbus, Ohio, Aug. 30.—The Fourth regiment, Ohio National Guard, entrained this morning under orders from Washington to proceed to the border. The regiment is routed on the Big Four and will arrive at the border before the Fifth regiment, which left Camp Willis yesterday, since the Big Four route is shorter.

Brigadier General John C. Speaks and his staff was aboard the first section of the troop train, which consists of three sections. Each section is composed of twenty-two cars.

Colonel B. W. Hough will follow the brigade to the border within the next few days. The Eighth regiment is under orders to move Thursday.

VON HINDENBURG MADE CHIEF OF STAFF OF GERMAN ARMY; VON FALKENHAYN REMOVED

Copenhagen, via London, Aug. 30.—The Ritz News Agency publishes a despatch giving the official announcement of General Von Falkenhayn's dismissal by the emperor as chief of the general staff and the appointment of

GEN. VON HINDENBURG

Field Marshal Von Hindenburg to the post.

General Von Ludendorff, Von Hindenburg's chief of staff, the despatch adds, has been appointed first quartermaster general.

The recent appointment of Von Hindenburg to the supreme command of the German armies on the Russian front came when Rumania was considered on the verge of a decision, and German newspapers indicated that it had a political bearing. Germany was credited with the belief that the prestige of Von Hindenburg would favorably impress Rumania.

As chief of staff Von Hindenburg doubtless will be withdrawn from the east to Berlin.

General Von Ludendorff has been credited with lending valuable aid to Von Hindenburg in his successes over the Russians. Gen. Von Falkenhayn early in

the war was placed in charge of Emperor William's headquarters in place of the late Lieutenant General Helmuth von Moltke, then chief of staff who was ill, and later succeeded Von Moltke at the same time remaining minister of war. Later he resigned as minister of war and was succeeded by General Adolf Wild von Hohenborn.

IMPORTANT TOWN OF DRAMA FALLS INTO HANDS OF ENEMY

BULLETIN.—Paris, Aug. 30.—The city of Drama, in northeastern Greece, has been seized by Bulgarians after a battle with the Greek garrison, telegraphs the Athens correspondent of the Matin.

The dispatch says that the Bulgarians captured three forts and took prisoners the Greek garrison of 120 men, and that a number of soldiers were killed. This news is confirmed, the correspondent adds by refugees, who have reached Athens.

Drama is one of the principal towns in Northeastern Greece, 76 miles northeast of Saloniki, in the district east of the Struma river, which the Bulgarians have been occupying for the last fortnight. There have been other reports of fighting between Greeks and Bulgarians but the French war office on Friday last stated the Greek garrisons at Kavala and Drama were still in possession of the towns and had not been attacked. It was announced in Athens last week that Germany and Bulgaria had given a written undertaking to Greece that their troops would not enter Kavala, Drama or Seres.

Doyle Is In Dallas

Dallas, Tex., August 30.—Billy Doyle, former idol of Dallas baseball fans, is in the city on a scouting expedition for the Milwaukee club of the American Association. Doyle said he expects to look over several promising Texas Leaguers and probably will pick up two or three men for his club.

"I left Dallas in 1908 and although I have been back here several times I marvel at the wonderful growth of the place," Doyle said. That's his language. "It seems to me that it has doubled in population since I played here." Doyle came to the Dallas club in 1903 and remained as an outfielder until 1907. In 1908 he pitched for the Greenville club and "threw his arm out." Since then he has devoted his attention to scouting, having worked for several big league ball clubs. Doyle will go on to Waco for a couple of days and then come back to Dallas for a visit of a week or more.

NOTICE To All Gas Consumers

When using a gas range, if the flame blackens the utensil, it is because the burners need cleaning and adjusting. If the flame in the heating stove is yellow, it is due to the same cause.

If you are having any of these troubles, notify us, and we will have a man call and adjust your stove.

SURVIVAL OF THE PUREST CIGARETTE PURITY PROVED IN BLACK AND WHITE

Sweet Caporal is the only cigarette to survive the test of forty years on the market and remain a national favorite, steadily gaining in popularity. Because in four decades the cigarette industry has been unable to produce a better cigarette. Sweet Caporal is the purest cigarette that can be made—with a pure tobacco flavor that has never been duplicated in any other cigarette at any price.

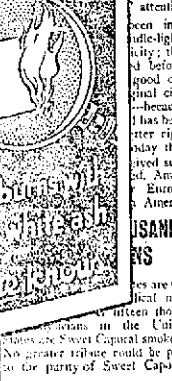

THE FIRST SMOKE

Nearly every man has enjoyed smoking with famous old Sweet Caporal, the original cigarette.

IN EVERY CIVILIZED COUNTRY—"SWEETS"

Sweet Caporal cigarettes are smoked in every civilized country on the globe. The world-wide demand for Sweet Caporal grows without advertising of any kind—a remarkable record of this famous original cigarette. Americans love the purest and can smoke Sweet Caporal with the greatest of confidence.

SWEET CAPORAL IN THE SERVICE

In the U. S. Army and Navy Sweet Caporal cigarettes are a favorite. The United States Government has been using Sweet Caporal for over forty years. Today it is the only cigarette used by every officer's mess, at every fort and every military installation. Sweet Caporal will be found a familiar feature of the Service.

DAYS THAT STICK IN THE MEMORY

THE BUCKEYE STATE

(Cleveland Plain Dealer)

In commerce and industry Ohio continues to fix her place among the great bee hive states of the union.

A census of the manufacturers in Ohio, just completed by the census bureau of the department of commerce, in most particulars shows more than the normal growth for the five year period. The advance is along lines, diversified and substantial, and further demonstrating, if that be necessary, that the commercial rank of Ohio, high among the states, is resting on solid foundation.

In what the government officials regard as the order of their importance from a percentage standpoint the increases are set forth as follows: Salaries, 45.9; salaried employees, 34.9; wages, 29.9; primary horsepower, 26.5; value of products, 24; value added by manufacture, 24.2; wage earners, 14.3; number of establishments, 3.4.

In capital invested there was the huge total of \$1,677,552,000, marking a gain, over five years ago, of \$376,819,000, or 29 per cent. The cost of materials used in manufacture jumped 23.8 per cent, reaching the total of \$1,020,782,000. The value of the finished products reached the total of \$1,782,808,000, or an increase of 24 per cent.

Of much interest is the fact that salaries and wages jumped 31.6 per cent, the increase running well over \$100,000,000, and amounting the total of \$424,189,000. There was an increase in the number of salaried employees of more than 21,000. The number of wage earners hovered around the 500,000 mark, the maximum for any one month being 534,537.

The steady forward progress of Ohio is gratifying. In it is nothing of the mushroom variety. It is progress lasting in its character—gradual but sure. The story is by no means covered in terms of trade opportunity and employment. For with it goes the assurance that none in the sisterhood of states offers more than Ohio in the way of happiness, security and contentment.

Over along a West Side road there is an abandoned cemetery in which lie the remains of some of the pioneers of the valley. The fence which surrounded the cemetery has fallen down and we notice that horses and cows are using the cemetery as a grazing place and that they are fast obliterating evidences that the place is, or rather was, a burying ground. This does not look right to us. The cemetery is not a very big place, certainly no farmer would miss the small plot of ground it occupies and it seems that one ought to have enough of sentiment in his soul, enough of respect for those dead and gone to enclose the cemetery, or at least to keep the horses and cattle out of it.

The Wapakoneta Daily News remarks, anent the proposed meeting of Democratic bolters at Columbus next week that "It is stated that the True or Glue Democrats are going to meet in Columbus next week. It is sincerely to be hoped that Harvey Garber will have a good time meeting himself."

They shot an amateur actor at Selma, Alabama. From this we may draw a conclusion as to the cause of the present decay of the stage. So many actors realize they ought to be shot.

A Democratic editor in Arkansas was fined \$1 for shooting his rival. The Bluefield Telegraph is mean enough to observe that the Republican quill driver must have been mightily badly wounded to cause the drawing of a fine like that in Democratic Arkansas.

Bed Time Tales

Policeman Billy

"Well, BEAR," said Mother Beaver, like common creatures), "what about coming back, did you have a nice lunch? I'm sorry you hurried back so soon. I was just coming over to see you and to get something to eat."

"Father Beaver!" he called in a quick whisper, "come here!"

"Never fear! Never fear!" said the raccoon, for he saw that Mother Beaver was frightened at the sight of him. "I'm Policeman Billy, and I've come to talk over your right to live by crooked Creek."

He said it so naturally that Mother Beaver had to believe she heard what she heard, but honestly, she had to pinch herself to be sure she wasn't dreaming—she really did!

Fortunately, Father Beaver came up just then and the raccoon had to say it all over again for him, and by that time Mother Beaver got a little used to hearing it and Bushy began to believe it—almost.

Of course Father Beaver tried to look as though he was used to policemen and rights and all that, but I must say he didn't succeed very well. The raccoon could tell as easy as anything that Father Beaver didn't understand a word he was talking about, not a word.

"Perhaps you didn't know that you had invaded the land of the Wigwag-takers," said Policeman Billy, kindly; "and perhaps you don't know all their laws."

"Perhaps I didn't," agreed Father Beaver wearily, "perhaps I don't. Perhaps we'd better sit down and talk it all over. I always did sitting down a good thing when I'm surprised," he added.

So Mother Beaver and Father Beaver and Policeman Billy sat down on the bank of the creek; and Bushy and Little Brother sat just behind, where they could hear everything and not be in the way.

"Now," said Father Beaver (and he began to feel better when he saw that the raccoon would all down just

she just said what Father Beaver had said.)

"Well," began Policeman Billy, "it's a long story. He looked across the creek as though he was hunting a beginning and he must have found it, for he started his tale right away."

"Years and years ago, this region was full of beavers and muskrats and raccoons. It was a fine place to live, for the eating was good, the country was safe and there were houses and food for all."

Talking so much about food was too much for Bushy—he was that hungry! "Would you mind if I ate a bit?" he asked.

"No," said Policeman Billy, "let's all eat." So the story was stopped for refreshments.

To-morrow—Policeman Billy continues his story.

If a feller stays out nights, everybody says he's sporty; That his wife had ought to quit him and let him go on alone.

If a feller does his worst, 'all the gossips jump upon him; And they criticize him, too, if he tries to walk the chalk.

Gentle: The gas engine you sent me stops when there's nothing the matter with it that's the trouble. It wouldn't be so bad if it stopped for some reason and anybody knows there's reasons enough for it to stop, and why can't it pick out one of them reasons for stopping instead of stopping for no reason at all so that no one can find the reason because you can't find the reason can you when there's no reason that common sense can't find.

I received the book which you sent me which is named What Makes the Gasoline Engine Go? I can't read it yet because what the use reading it when I don't care what makes the gasoline engine go as long as it goes which mine don't only occasionally when not particularly needed but when just experimenting or something.

NEW-YORK-DAY-BY-DAY.

O.O. MEINTRE.

New York, Aug. 30—What news of the Rialto? I dropped into several managers' offices looking for crumbs of gossip. I heard marvelous tales of stars in the making. A sure fire hit on the griddle—but it was the same old line of chatter that is always dished out to the visiting scribe.

And then I visited the Broadway Super Farm right in the neighborhood of the Forty-Second Street Country Club. It is a hangout for extra men of the drama, to me the most pathetic people in all the world.

They are men who have dreamed big things and have seen their dreams come to naught. They have wound up serving as extras for 50 cents a night. They swagger, they try pitifully to keep up their personal appearance on their pitance—and what is best of all, they do not whine.

Gotham is excited by the real Japanese invasion of America, which has come by the way of Manila and reached Bay Ridge and the Atlantic Seaboard. The invader is Ichihya Kamagata and his battles are being fought on the smoothest of battlefields—the tennis court.

At a time when all other newspapers were economizing and either raising or flinging on raising the subscription prices of their papers, James Gordon Bennett dropped into New York from Paris and ordered the price of The Herald reduced from three cents a copy to one cent a copy.

He also ordered an increase in the advertising rates, and it is predicted by observers that The Herald will enter upon a new career of usefulness. Of late years it has been losing steadily in circulation and prestige. One of the believers in the "come-back" of The Herald is John Wainmaker who has doubled his advertising space in the paper, without solicitation, and who, in one of his advertisements, says that he believes The Herald will surpass the greatness of its palmist days.

The Times has been industriously scouring the country in an effort to secure corn colored paper for its annual Carnival edition, but so far we have not been successful. Manufacturers say they simply cannot furnish the paper at any price. However we are going to keep on trying and maybe we will be able to pick up a stray consignment somewhere and get enough for the edition.

Something we would like to see. A building go up in the Peerless, whose erection was not delayed for some cause or another.

Nothing is so bad that it can not be better. August made a record for torridity even for itself, but the past few days she has been altogether delightful.

This wily little Jap had all the galleries against him at the start, but now they are with him. In a few short days he slashed his way into the foremost ranks of the world's tennis players. He has shown he can keep his head under all circumstances, and is thus entitled to all the honors and bannais he has won.

He has made a lot of friends in America. Even the reporters say many kind things of him without suffering from the dislocating of their conscience. And that is something of an achievement on the part of the young man who has had a tougher battle to wage against the linguistic inferno, which the humorist calls the King's English, than he has against the crucks of the tennis courts.

"Find the woman!" is the plea of feminine Long Beach to solve their great nothing mystery. More than \$400 worth of daintiest silk intimate garments were stolen from the bath house locker room of the Nassau Hotel.

But, owing to the fact that they are not the articles of feminine attire which are displayed in public, the detectives have little hope of finding the "Raffles" who stole them. "Raffles" is used adverbially and with an attempt to pun.

The hotel veranda and the boardwalk and the beach are buzzing with the news. Attempts were made to keep the losses under cover, but word of them would creep around, inasmuch as the losses really were no longer "under cover."

Excited assurances that: "My dear, I lost a beautiful pair of pink silk burr-buzz" or "Did you hear I was robbed of my pale blue silk whisper whisper?" were heard all around. The locker rooms are under the hotel and the girl in charge went to the phone to talk to her sweetheart—and then it happened.

When the losses were discovered, wireless calls for help were sent to husbands across the corridor. The calls were not "S. O. S." nor "Q. Q. D." but "B. V. D."

Sciotoville Man Is Waylaid And Robbed By Three Men

Robert Stewart, aged 35, of Sciotoville, was waylaid by three men and robbed of a gold watch and \$46, and but for a ruse to which he resorted, would probably also have been murdered, near the Millbrook park spillway, early Tuesday morning.

Sam Vicars, aged 30 years, a Morehead, Ky., young man, who was locked up as a suspect in the robbery by Marshal Ike Wells, Tuesday morning, was released from custody Wednesday morning, pending further developments. Vicars had been identified by Stewart, it was stated, at the New Boston mayor's office, as one of the men who were at the scene of the robbery. Vicars denied having had any hand in the affair whatever.

Stewart was on his way home when suddenly three men on the river bank, just east of the Steel plant grounds, sprang up from beside a boulder, where they had been playing cards. One of them heaved a brick at him. It knocked off his hat, but he feigned being hurt, falling to the ground and lying almost motionless while the men ransacked his pockets.

After they started away he overboarded one of them say, "A dead man can tell no tales. I'll just go back and finish him." Stewart immediately jumped up and ran as fast as his legs could carry him over to New Boston. It was about one o'clock when he reached the mayor's office and reported what had happened. Officers made an all night search for his assailants, but without result. They claim to have a good clue to the identity of two of the men and are keeping a sharp lookout for them.

Antiquity of Cricket. By the middle of the seventeenth century cricket, whose age seems cast in the shade of the unknown, had achieved for itself a recognized place. It was one of the sports which a writer of the times indignantly declared he had witnessed "openly and publicly on the Lord's day." However, the real rise of cricket did not begin until the eighteenth century. Then men of quality began to favor the game. They organized teams and matches, and even royalty took note of it and became its patrons. The Marylebone club, which was formed in 1787, remains to this day the final court of appeal on all matters relating to cricket.—London Spectator.

BULLET IS FIRED AT NEW BOSTON MARSHAL

Marshal Ike Wells, of New Boston, was the near-victim of an assassin's bullet last night about 11 o'clock. Wells was walking along Gallia avenue when just as he was passing a gang-way at the former Fitch Bros' meat market, now occupied by G.M. Warder's furniture store, a bullet whizzed by, just grazing his mouth and nose. In dodging backward his feet slipped out from under him and he fell to the sidewalk. He believes this accidental move on his part perhaps saved his life, the man evidently thinking he had killed him. As Wells regained his feet he was able only to catch a slight glimpse of the fleeing form of the disappearing man.

CAPTURED GERMAN SUBMARINE MINE LAYER

The captured German submarine mine layer, the U.C.-5, is here shown in dry dock in England. After placing the boat on exhibition the war office ordered her into dry dock for a fresh coat of paint and repairs. She probably will be put into service for the British navy. The mines are carried in a compartment at the top and are released by machinery worked from inside the submarine.

Collarbone Splintered When Auto Hits William Daugherty

William Daugherty, manager of a second hand store belonging to G. M. Dr. W. G. Cheney, New Boston, was called and the injured man was removed to the Hempstead hospital. An examination revealed that his collarbone was splintered. Wednesday morning Mr. Daugherty was reported to be somewhat better, although his condition was considered serious.

"Rush Hour Service" Of Street Railway Co. Further Improved

Early morning "rush hour service" with the street railway company is to be further improved by reason of additional employees being added in the Whitaker-Gleason plant in New Boston, other plants in that village and at the vast N. & W. shops in East Portsmouth.

Within the short space of 20 minutes in the early morning, six cars will be run from the West End car barn to New Boston. The 5:10 a. m. car will be followed by the second car, the 5:20 car will have a "trailer," as will the 5:30 car. In the past only the 5:20 car had a "trailer." An additional car to leave New Boston at 4 o'clock every afternoon has also been provided for by the street car company, this being put on to take care of N. & W. employees, who are through their day's work at this hour. This car was put on today, but the two additional cars from the West End barn will not be put on until Friday morning, September 1.

Hunting Season Opens Friday September 1st

September 1 will mark the opening of the 1916 hunting season in Ohio for certain classes of game and in anticipation of the opening, many hunting licenses are being obtained. On September 1 the season will be open for hunting wild duck, wild goose, brant or other wild water fowl, for rail, coot, mudhen, gallinule, black-breasted and golden plover, jack snipe and greater and lesser yellowlegs. Sept. 1 to Dec. 15. Woodcock Oct. 1 to Nov. 30. Rabbits, Nov. 1 to Jan. 1. Squirrels, Sept. 15 to Oct. 20. A Big Drawback. A man was praising the improvements of a friend in his dwelling. "Your house looks a lot better now that it has been painted." "Well," the man who had been redecorating admitted gloomily, "it does look a lot better, but we shall have to clean the windows more frequently to keep in harmony with it."

MARSHAL OF PROCTORVILLE MURDERED, FOUR MEN HELD

Ironton, August 30.—Four men, held responsible for the murder of L. C. Kennedy, aged 60, marshal at Proctorville, this county, are confined in the county jail and this morning will be formally charged with the commission of the crime. These men are Sam Bowen, Ed Shavor, Carl Dement and Leslie Cooper, all young men of Proctorville, who with Baxter Rose, who has not yet been apprehended, attacked Marshal Kennedy Tuesday morning and beat him so badly that he died in less than two hours after from a fractured skull. Rose, together with Sam Bowen and Ed Shavor, fled to West Virginia after the marshal had been mortally wounded and Sheriff Sloan is now leading the searching party of West Virginia officers that are scouring Cabell county for him. Bowen, Davis, Dement and Cooper were brought here last night by Deputy Sheriff Hutchinson, Constable Branigan and Officer Messie, who went to Proctorville immediately after they received word that Kennedy had been murdered. The four prisoners maintain strict silence, refusing to talk of the case, even among themselves at the county jail. It seems that the murder was the outgrowth of an arrest of the five men above mentioned, Monday evening, on the charge of being drunk and disorderly. Kennedy effected the arrest, and May or John A. Bowman ordered the quintet to appear before him at nine o'clock Tuesday morning. Kennedy had been forced to draw his gun to get out of the crowd and they threatened to "get Kennedy and Mayor Bowman," it was charged.

NO EMBARGO HERE AGENTS DECLARE

Information to the effect that the Norfolk and Western railroad, the Baltimore and Ohio and the Chesapeake and Ohio had plunked an embargo upon shipments of perishable goods, pending the settlement of the threatening strike, was definitely denied Wednesday morning by railroad officials. Agents D. A. Grimes, of the Chesapeake and Ohio, H. C. Bugh, of the Norfolk and Western, and W. H. Wharf, Baltimore and Ohio, all denied any knowledge of such an order. It was stated that all classes of freight were being handled, as usual. Meet Me At Nye's Fountain. 12tf

FLOYD SCOTT REAL HUNTER, KILLS DEER

Dave Scott, in charge of the packing department at the Selby Shoe Co., has received word from his brother, Floyd Scott, located at Oakland, California, that the latter shot and killed a big deer while hunting in the mountains in Lower California. The deer weighing 180 pounds, Mr. Scott bringing him down with one shot at a distance of 200 yards. Mr. Scott left for California ten years ago and has not been back to this city. While a resident here he was employed as clerk in Frank Baker's shoe store.

BARBERS WILL MARCH

According to President C. D. (Dick) Millison, the Barbers' Union will participate in the Labor Day parade. The members are quite enthusiastic over the event and expect to be out in full force. President Millison states that the union will never be found lacking when it comes to displaying their loyalty to the union cause.

The Monroe Company has also done the use of iron forms for pouring concrete, declaring it was impossible to make any speed with them. The company has resumed the use of wooden forms.

RAILROADS DECLARE EMBARGOES

Onaha, Neb., Aug. 30.—The Union Pacific Railway company last night issued an order placing an embargo on livestock and other perishable freight that would not be delivered before September 2. Kansas City, Aug. 30.—An embargo against the acceptance of all perishable freight shipments that cannot be delivered before the threatened strike order goes into effect Monday morning will be issued today by the Kansas City Southern railway, it was announced. Detroit, Mich., August 30.—The Michigan Central Railway today placed an embargo on shipments of all perishable freight which could not be delivered before September 2.

WITNESSED A TERRIFYING SIGHT

Capt. A. W. Brewer, of St. Paul, Ky., was the guest of his friend, Dr. J. D. Hendrickson at Harrisonville Monday and relates what a terrifying sight the doctor caused him to witness. Captain Brewer said the physician drove him over Feurt hill in his auto. Once they got under way and he got a glimpse of a 150 foot precipice, he wanted to get out and walk, even offering the doctor a "fiver" if he would stop long enough for him to get out of the machine, but he declined. The captain did the next best thing and that was to occupy a seat on the side next to the hill. "Verily I believed it to be the mountain we read of in scripture about Satan taking Christ to its top to tempt him by showing him the riches of the world. The road is fine, but that hill is awful," said the St. Paul veteran.

RAILWAY

(Continued From Page One) wages. The employees expect the principal fight against this to be made by the railroads however. The proposal for investigation by a presidential commission is welcomed by the railroads, but not by the men. The suggestion that congress empower the Interstate Commerce Commission to grant higher rates as recompense for increased wages is frowned upon by the railroads on the belief that shippers would object and the good will of these interests would be lost. The most violent objection of brotherhoods is to the proposed law for investigation of future labor disputes and the prohibition of strikes or lockouts during the investigation; railroad executives favor this measure. Many legislators believe the president's recommendation of a law authorizing forced government operation of certain roads for military reasons is superfluous; they insist that the other action contemplated will forestall the strike of itself.

Feverish Activity Shown

New York, Aug. 30.—Railroad traffic both to and from New York showed a feverish activity today in anticipation of a general strike. It is estimated that before September 4, the threatened date of the tieup, this city will rid itself of a floating population of nearly 850,000 and receive about the same number of residents who have been on vacations. Passenger traffic just before Labor Day is always heavy even under normal circumstances. Unless the situation changes radically it is expected that the other eastern railroads will follow the example of the New York, New Haven and Hartford and declare a freight embargo to take effect immediately after September 4. The management of New York Central will consider this question today upon the return of President A. H. Smith from Washington.

Will Run Food Trains

Railroad executives here expressed hope today that if a strike were called they could run enough food trains to keep the city from starvation. The city milk supply which will be used to collect milk from the territory surrounding New York if the regular milk train service is discontinued. The city consumes 500,000 quarts a day and it is estimated that 25 per cent. of this goes to babies and another 25 per cent. to children who depend largely on milk for food.

Police To Control Food

The police department, it was announced today, is prepared, if need arises, to assume virtual control of the food and fuel supply. For this purpose it has made a canvass to ascertain the stock of foodstuffs now available here and it has a list of all the motor trucks and other vehicles that can be used to carry freight and of lighters, towboats and other vessels that can be pressed into service in waters surrounding the city. In the wholesale grocery and commission district today it was reported that restaurants, hotels and boarding houses were beginning to lay in huge stocks of food. Wholesale grocers are not disposed to agree with the prediction that in the event of a railroad tieup there would be a food famine here in a week. If the milk supply for children could be assured it was said that the rest of New York could find enough food here or within easy reaching distance to last a month.

Takes Charge Of Laundry

Tom Scott, who for some time has been foreman at the Model Laundry in the East End, left Monday for Akron, O., where he will assume charge of one of the city's biggest laundries. For the time being, at least, Mr. Scott's family will remain in this city. Every day that the TIMES is published, builders list their bargains on TIMES WANT AD page.
